

# Intensive Interaction for people with Autism

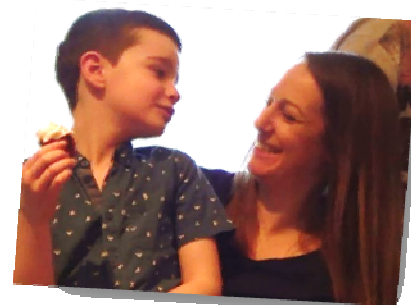

## 29th September 2017 - QEII School, London, W9 3LG

Intensive Interaction is for people who are at the earliest stages of communication development. **This includes many people who are speaking or starting to speak.** Intensive Interaction focuses on some central effects of autism. This one-day course will enable you to develop practical techniques to communicate and connect with people with Autism.

**Duration: One day 10.00am - 3.30pm**

### Course content:

- The Fundamentals of Communication - why is Intensive Interaction so important?
- How to do Intensive Interaction
- Videos showing children and adults with Autism making progress developing social and emotional connections, enjoying interactions, learning to communicate using vocalisations, facial expressions and gesture, becoming relaxed making eye contact (and much more!)
- Use of touch and issues of developmental pertinence
- Recognising outcomes and how to record keep
- How to get started

*"Previously I felt that there was an invisible barrier, an emotional 'gap' between us. Intensive Interaction has begun to change that. Now we have started to build this foundation I feel so much more positive about his future." (A parent of a 7-year-old with Autism)*

### Who should attend:

This course is for anyone who is involved in the care, support or education of children or adults with Autism

- Support staff
- Parents and family
- Speech and Language Therapists
- Teachers and Teaching Assistants
