The Met Hotel, King Street, Leeds, LS1 2HQ

At this year's Intensive Interaction Conference delegates will be shown examples of 'Intensive Interaction best practice', with the approach being effectively used across a variety of different working and care contexts. Across all the presentations and facilitated workshops the main focus of the conference will be on enabling delegates to know how to better define, develop and sustain Intensive Interaction best practices, both generally and specifically for their service users, clients, students or family members.

All delegates are welcome to find out more about Intensive Interaction, whether they are new to the approach, and wish to find out more about it, or whether they are experienced Intensive Interaction practitioners or managers who wish to develop their practices and services to provide better quality Intensive Interaction, and anywhere in-between.

Whether or not you have previous experience of Intensive Interaction or our annual conferences, delegates can be sure to go away with new and useful practical insights and improved Intensive Interaction related knowledge.
